## MARINE SERVICES

### Charges

The following table is of marine charges for tankers, general cargo or container vessels calling at CentrePort on a single voyage basis.

CentrePort's marine charges are International Gross Registered Tonnage (GRT) based and cover port and navigation dues, pilotage, towage services, lines services and an initial 24 hours berthage.

GRT Minimum	Tariff	Additional Rate (\$ Per Each Extra GRT to Next Step)	GRT Maximum
3,000	\$7,406	\$0.293	4,999
5,000	\$7,989	\$0.381	7,999
8,000	\$9,131	\$1.142	14,999
15,000	\$17,120	\$0.963	19,999
20,000	\$21,939	\$0.520	49,999
50,000+	By quotation		

- CentrePort will supply rates by quotation for vessels of less than 3,000 GRT and greater than 50,000 GRT.
- Additional berthage after the first 24 hours will be calculated at \$0.089 per GRT/per 24hr period in all cases – charged in 12 hour periods (with a minimum of \$400 and a maximum of \$10,651 per day).
- There is an additional tug charge of \$0.041 per GRT per movement for all vessels over 7,500 GRT using tugs at Seaview or Burnham tanker terminals or Miramar Wharf (with a minimum of \$312 and a maximum of \$1,552 per task).
- Rates for shifting vessels between terminals are based on the vessel's GRT and will be supplied on request.
- Passenger vessels, other than research vessels carrying passengers, attract an additional charge for security and traffic control. This charge covers full berth preparation and provision of berth security and traffic co-ordinating services. Extra ship requirements are readily accommodated but may be subject to further charges. Statutory holidays attract additional labour charges.
- CentrePort will charge, on a recovery basis, all costs incurred when a Pilot is detained on board.
- All supplementary shore based services are additional to the above rates and are detailed below.
- A special tariff is applicable for tankers discharging only small parcels of cargo.
- Marine Services provided at the customer's request on statutory holidays will attract an additional charge of \$1,570 per movement.
